

NonCombatEntity

```
graph BT; Civilian --> NonCombatEntity; Medic --> NonCombatEntity;
```

A UML class diagram illustrating inheritance. At the top is a box labeled 'NonCombatEntity'. Below it are two boxes, 'Civilian' on the left and 'Medic' on the right. A horizontal line connects the two bottom boxes, with a vertical line extending upwards from its center to the bottom of the 'NonCombatEntity' box, ending in an arrowhead. This indicates that both 'Civilian' and 'Medic' inherit from 'NonCombatEntity'.
