

NonCombatEntity

```
classDiagram
    class NonCombatEntity
    class Medic
    Medic --|> NonCombatEntity
```

A UML class diagram showing a vertical inheritance relationship. The superclass, NonCombatEntity, is in a box at the top. The subclass, Medic, is in a box at the bottom. A vertical arrow points from the Medic box up to the NonCombatEntity box, indicating that Medic inherits from NonCombatEntity.
